

# 0703 00 01 Blowgun Kit

The blowgun kit as below is now available.

The state of the art range of **Parker Legris** blowgun kits fulfils the demanding requirements of industrial users. Designs incorporate a balance of technical performance, ergonomic features and aesthetic appearance. Special attention has been paid to the shape, size and design to enhance comfort, safety and easy connect.

4 benefits into 1 product:

- **Quality** with 100% tested product
- **Performance** through improved reliability
- **Comfort** thanks to the ergonomic design
- **Safety** thanks to regulation compliance

Combined with all accessories (blowgun, recoil tubing, quick couplers), this range of blowgun kits is the best trade-off adapted to all applications.

Depending on the target markets, a lot of customized components are available:

- Tubing color: blue, black
- Tubing work length: 2 meters, 4 meters, 6 meters
- Blowgun type: standard, safety
